[From rejected claims in the Library of Virginia.]

To his Excellency the Governor of Virginia:

The memorial of the undersigned, residents of the Corporation of Fredericksburg, respectfully represent, that they are the only children & heirs at law of James Reaves decd. who was a resident of the County of Lancaster & State of Virginia, & so far as they have been informed, they have every reason to believe, that the said James was a Seaman in the state navy during the Revolutionary War, & served till the close of the War. Your memorialists have not been able to ascertain the year the said James enlisted or onboard of what vessel he entered the service, but are informed that in Sept. 1779 he was onboard the Dragon then commanded by Capt. James Markham [R72]. At this late period it is almost impossible to find any person old enough to prove positively the time of enlistment & service and believing the naval journals afford sufficient proof they confidently rely on them particularly as the said James is reported to be entitled to bounty land by Jno. H. Smith Esqr [Commissioner of Revolutionary Claims for Virginia]. Should the Journals not shew the facts, to your Exellency's satisfaction, they trust their claim may not be rejected; but suspended for the purpose of giving them an opportunity [the rest missing at bottom of page]
