[To His Excellency Governor Cabell]

Samuel Coleman [BLWt469-200], to whom was referred by the Executive, the claim of Captain Joseph Smith for a bounty in land for his services in the Virginia Line during the Revolutionary War, has the honor to report, that in the Winter of 1777-78 he was acquainted with Captain Thomas Bressie who at that time was considered a respectable officer in the Virginia State Regiment of Artillery. S. C. believes the inclosed Certificate marked No. 1 to be the hand writing of the said Bressie.

There can be no reason to doubt the authenticity of the Certificate given by Captain Peter Nestell, who has lately been appointed a Captain of Artillery at Norfolk.

From these Certificates it may be inferred that Captain Smith is entitled to a bounty in land. It appears by a certificate of the Register of the Land Office, that he has never obtained such a bounty. It remains for the Council to decide whether he shall now obtain it.

I take no notice of the affidavits accompanying the Certificates before mentioned because I consider the Certificates themselves as completely establishing the fact sought for, the services of Captain Smith until the end of the War in Colonel Gists regiment in General Muhlenburg's Brigade Richmond May $30,\,1806.$
