State of South Carolina, Sumter District: Declaration in order to obtain the Benefit of the Act of Congress of the 7<sup>th</sup> June 1832

On this the \_\_ [blank in original] day of April in the year of our Lord 1834 personally appeared before Josiah J. Evans Presiding Judge of the Court of General Sessions and Common Pleas for Sumter District now holding at Sumter Court House Devereux Ballard a resident in the County District and State aforesaid, aged 78 years, who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the provision made by the Act of Congress passed June 7<sup>th</sup> 1832. That in the year 1779 as the deponent then heard and believes the citizens of North Carolina were divided into classes of 14 – and that each of the said classes were compelled to furnish one man for the service that the deponent volunteered for his class and entered the service under Colonel John Branch near Halifax North Carolina That shortly after he volunteered he hired as a substitute one Sterling McLemore to whom he paid \$800 for 12 months service that being the term for which the deponent had volunteered his services – that shortly afterwards the deponent removed to Wilkes County North Carolina – and after the fall of Charleston in South Carolina about the last of May in the year of our Lord 1780, the deponent volunteered in a company raised and commanded by Captain William Lenoir – the Major of the Battalion was \_\_ [blank in original] Herndon – the Colonel was Benjamin Cleaveland [sic, Benjamin Cleveland] – the deponent did not belong to the Cavalry though he frequently did service on horseback – Captain John Cleveland commanded the Cavalry attached to the Regiment the deponent does not believe that the Regiment to which he was attached ever acted in conjunction with any Continental Regiments or officers. The company in which the deponent acted was designated as minute men – we were continually engaged in marching and in all the events incident to a partisan warfare. The Tories at that time and that part of the Country were very troublesome, and the company was employed in keeping them in subjection. The company was marching to Ramsour's Mill when the battle was fought between the Whigs and Tories at that place, but did not reach it until the battle was decided. The company of which the Deponent was a member was engaged in the Battle of King's Mountain where the British officer Ferguson was defeated by the Americans. The deponent was not present at the Battle, having been left at home on account of sickness. The deponent did not remain at home but one day on account of sickness. The next day being very feeble he traveled more than 30 miles to rejoin his company. At night he came up with a party commanded by Major Floyd [sic, Joseph Cloud]. The Deponent recollects also Captain Francis [Henry Francis] and Captain Trigg [Abraham Trigg]. An express reached this party that night that the Tories had committed murders on the Yadkin River near the Shallow Ford. The deponent then joined the party commanded by Major Floyd and in the company of Captain Francis marched to the attack of the Tories. We met the Tories near the Shallow Ford on Yadkin River. The Tories were commanded by Col. Bryant [sic, Capt. James Bryan ?]. They were defeated by our party notwithstanding their number was double of ours – Captain Francis unfortunately was killed Captain Bryan of the Tories fell. The Battle of Shallow Ford was fought two or three days after the victory at King's Mountain.<sup>1</sup> The deponent returned to his home after the battle of Shallow Ford and by that time his company under the command of Captain Lenoir returned and the deponent rejoined them. The deponent was then engaged in active service until sometime in the next winter. From the great lapse of time and the weakness of memory the deponent cannot recollect the precise period of his quitting the service but to be on the side of truth he will put it down on the first of January 1781 making the whole term of his service seven months. The Deponent acted in the capacity of Sergeant during the whole of his term under Captain Lenoir – and the Deponent hereby relinquishes every claim whatever to a pension or annuity except the

In about two years I returned to Halifax County. I lived in that County for some considerable time and about 35 years since I removed to this County District and State where I have since resided

South Carolina, Sumter District

Personally appeared before me the undersigned a Notary Public and Justice of the Quorum ex officio Devereux Ballard who being duly sworn deposed and maketh oath that by reason of old age and the consequent loss of memory he cannot swear positively as to the precise length of his service but according to the best of his recollection he served as a Sergeant for seven months under Captain William Lenoir in the Western part of North Carolina. The Deponent claims nothing for the 12 months for which he hired a substitute and his service of the seven months is exclusive of the 12 months for

which a substitute was employed. The deponent can adduce no proof of his having acted in the capacity of Sergeant. The Deponent is confident that no Sergeant in the company to which he belonged had a written warrant nor does he believe that a Sergeant in the Regiment of Colonel Cleveland acted under a written warrant.
