[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call errors or omissions to my attention.]

[John Pursell and George Irvin gave the standard supporting affidavit.]

State of Tennessee Washington County: On this 10th day of September 1834 appeared in open Court before the Honorable Samuel Powell Judge of the Court Daniel Horton a pensioner of the United States and for the purpose of increasing his said pension to correspond with his servitude performed made & subscribed the following amendatory declaration to it that in the war of the Revolution he resided in Burke County North Carolina and there performed his military service, part of which he omitted to give in consequence of John Blair his attorney at the time informing him that it was unnecessary to give any service not within the provisions of the act of June 1832, and his impression at the time was that the services hereinafter stated were not provided for. At the time declarant had his claim made out no construction had been given to the law and few if any pensions had been allowed to any in this quarter – & for the reason aforesaid the service herein set forth was not then set forth in his declaration though communicated to his attorney to it in the year 1780 he enrolled himself in Burke County North Carolina as one of the New Levies so-called under the act of North Carolina, and was put under Captain John Russell, and the Overhill Indians in league with the British being in open hostility & very many Tories also killing & plundering, Burke County being then a frontier County of the old settlements of North Carolina the men there raised were sent through the upper parts of the State to quell & keep in subjection the Tories & said Indians & did perform that duty by laborious services of forced marches by day & night travels from one quarter to another with the enemy appeared & was in several skirmishes with the Indians & Tories & continued his term of service and was discharged verbally & returned home.

That in addition to the service above left out of his original declaration he in 1781 before the surrender of Cornwallis hired himself as a substitute for one William Hawkins drafted to perform a tour of duty & was a substitute aforesaid placed under Captain Daniel Wright & Colonel Smith of General Greene's command and was marched from Burke where he enrolled to Wilmington in pursuit of Cornwallis went on his march through North Carolina & Virginia before his march to York Town, that the British was fortified at Wilmington & there remained until his term of time of three months expired & he was discharged by his said Captain, he omitted to state that this expedition was immediately after Greene's defeat at Guilford, & the militia pursued the Army under Cornwallis down Deep River & Cape Fear [River] to Wilmington where he was discharged as aforesaid, which discharge he has lost. He gave both these tours into his attorney Mr. Blair but he informed him that he could not get a pension for substitution, or for the twelve months there being no such call legally authorized, but which declarant has since discovered was a mistake, he therefore claims and arrearage of pension for the aforesaid tours of duty thus omitted. S/ Daniel Horton, X his mark
