## Pension application of William Slaughter S1875 Transcribed by Will Graves

Transcribed by Will Graves3/4/12[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the<br/>database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or<br/>additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed<br/>question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the<br/>veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and<br/>genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth<br/>and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions.<br/>Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also,<br/>dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of<br/>June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call errors or omissions to my attention.]
