The amended declaration of Stephen Austin Personally appeared before me, the undersigned a justice of peace for the county of Wayne & the state of Tennessee. Stephen Austin aged seventy eight years, last November who being duly sworn deposeth & saith that in his former declaration it appears that he stated that he listed & entered the service of the United States, as a regular, but he now states that he was laboring under a mistake as to the meaning of the term "listed" through infirmity of age & consequent lapse of memory & that on that account he did not readily comprehend the meaning of the language in his former declaration. The manner in which he obligated himself to enter the service, and on account of which he performed the service mentioned in his former declaration was as follows: The Militia Company to which he belonged voted in those, who were to serve, instead of volunteering, drafting or listing, this was done by agreement among the company & applicant was one of those, who were voted in to join the service of the United States, as stated in his former declaration. He further states that he belonged to a cavalry company during his whole service which he supposes & believes according to his best recollection, was considered mounted Militia. He was attached to various troops during his service & mentioned in his former declaration, sometimes to regulars & sometimes to the Militia as circumstances required. He never was considered as a regular soldier.

Sworn & subscribed before me, this 10th day of March 1834.
