The Amended Declaration of Philip Rushing to his original Declaration filed in the Court of Pleas & quarter Sessions for Perry County. I was at the skirmish with the Tories at Thompson's Creek, at Lynches Creek, Hill's Creek, Richardson Creek and at Drowning Creek at Betty's Bridge [sic, Beatti's Bridge] -- we had a battle with the Tories and we parted without any decision and afterwards the Tories defeated the leagues but I was not in that engagement. I was on the Cape Fear River near Wilmington where we defeated the Tories who had defeated Colonel Wade at Drowning Creek. I was also in an attack on a Brick House in the possession of the British and after several fires we retired being unable to take the House. I was in the company of Stephen Jackson a part of the time, and a part of the time I was in the company of Captain John Johnson and at some time I was transferred to serve other Company in Colonel Smith's Regiment but I am now unable to recollect the name of the officers except as stated in my original declaration. I am now old and infirm and my memory has failed me so much I cannot recollect the dates of my service I can only recollect the places we had a battle or expected to have one and the names of officers, but what route we pursued in each campaign I cannot now recollect or the particular time I served in each campaign. I have only a recollection of serving my Country and being generally in service.
