[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

Personally appeared before me the undersigned a justice of the peace in and for said County of Rutherford John Laquire, who being first duly sworn according to law makes the following statement on oath amendatory to his former declaration for a pension dated the 23rd day of October 1833. That he cannot state with absolute certainty the precise period of his service under Col. Hambright mentioned in his former declaration but knows that he did not serve less than five months, that he served five months in the service in which Robert Alexander was his Capt., that he served three months as a substitute for a man the name of Murphy under Capt. Loftin before mentioned, & that he served ten months as an enlisted soldier in the Army of Genl. Sumter under Capt. Waters as before stated, making in the whole not less than twenty three months that he was in actual service, during which time he was not employed in any civil occupation, but was either in the camp or in the field -- in defense of his country -- that since the time of his making his declaration before mentioned he has been able to procure the testimony of Charles Thompson and Joshua Roberts who proved some part of his services -- that he is well acquainted with Joshua Roberts & George Cabaness -- who live in his present neighborhood and who have testified as to his character for veracity and given their opinion as to his services in the revolution, and that he has been acquainted with them for a large number of Years -- there is no Clergyman living in his neighborhood, and that from the situation of his family he has been confined at home very closely and therefore unable to procure the certificate of a Clergyman. That from the infirmity of old age he is unable to go to the Court house without subjecting himself to very great hazard and inconvenience.
