[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

John Kelley's petition for pay for Revolutionary Services
Pensions
Wadford
Postponed

[p 17]

To the Honorable the Speaker and members of the House of Representatives of the State of South Carolina

The Petition of John Kelley of Greenville District Humbly Sheweth

That your Petitioner at the conclusion of the Revolutionary war went to the State of Virginia and resided several years and consequently was not in this State when there was an Opportunity of rendering in claims against the State for services performed and losses sustained during the war.

Your petitioner further Sheweth that on his return to this State he made an effort to gain compensation for his services by petitioning the Legislature for the same but was rejected and was Informed that his claim was bar'd by an Act of the Legislature. – Your petitioner has since been Informed that a number of persons lately have obtained payment for their claims by petitioning the Legislature. This Information together with the hard hand of poverty that bears heavily on his feeble body and almost exhausted constitution has induced him once more to call on the clemency and Justice of the Legislature of his Country for relief –

Your Petitioner will now State to your Honorable body the services for which he prays payment as nearly as recollection will enable him having lost most of the Vouchers for the same, In the year 1776 he served six months in the expedition against the Cherokee's,² In the year 1777 he served three months at Col. Thomas's Guarding the Publix stores Lodged there, In the same year

Your petitioner may be mistaken in the dates being almost an Illiterate man but there is no mistake in the length of time and places where the services were performed. Your Petitioner prays your Honorable body to grant him Soldier's pay for the time above mentioned being two years and two months or such other relief as you in your wisdom may deem Just and right and your petitioner as in duty bound will ever pray.
