Pension application of William Thompson [Thomson] W1001 ¹ Mary Thompson f21+30SC Transcribed by Will Graves 10/10/09: rev'd 9/5/21

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

⁶ Men who enlisted for ten months beginning in April 1781 in the SC 10-month State Troops of Light Dragoons under Hammond were promised a bounty and wages payable in slaves taken from the Tories. Such 'pay' was known as "Sumter's Wages." When that horrific form of payment could not be made because too few slaves were confiscated from the Tories, by act dated March 21, 1784, the SC Legislature authorized the payment in pounds Sterling deemed to equal the value of the slaves not delivered (to wit, £94 Sterling for one 'grown Negro' and £47 Sterling for one 'small Negro.') That act also exonerated Sumter and the troops under his commend form liability due to plundering of the estates from which the slaves were taken.
