On this 11 day of August A.D. 1834 personally appeared in open court, the said courting, being a Court of Probate in and for said County now siting, Joseph Caughron, resident of said county aged seventy three years, who, being first duly sworn according to law, doth on his Oath make the following declaration, in order to obtain the benefit of the Act of Congress passed June 7th 1832, That he entered the Service of the United States, under the following named Officers, And served as herein stated,)Towit(in the company of Captain Anderson, at the Town of Romley [sic: Romney] county of Hampshire, and State of Virginia, as a substitute for John Walker of said county; In the Regiment (or Battalion) commanded by Col. [Elias] Edmonds, in the month of June 1781. Marched from thence to Winchester stoped at a place called the Rockspring, near the Town of Winchester, until we drawed provisions, Thence we marched to Fredericksbourg [sic: Fredericksburg], from thence to Richmond, there stoped until other troops would rendezvous, who were every day coming on, and embodying there we joined Col Edmonds. Marched from thence up James River, on the main road that leads to Stantown [sic: Staunton]. On our march to Stantown aforesaid there came up a storm of thunder lighting and rain, at a place called Scotch Town [Scotchtown]. The Horses of our light horsemen being alarmed at the storm, rushed back on the footmen from which circumstance The footmen supposed them to be British, when just on the point of firing upon them the mistake was discovered. we changed our rout before we got to Stantown The British troops that we were in pursuit of having changed we turned and pursued them back to the Town of Richmond Va. on said rout I was taken out of the Company of Captain Anderson and transfered to Captain Dicke's company of light infantry, which were made up from other companies, and marched in front, as an advance guard. It was five of us taken (or volunteerd) from Captain Andersons Company (Towit) Daniel Chapman, Joseph Craycraft, — Hoskins and Two others whose names I have forgotten; I believe we marched before Richmond to where the roads forked near the Hickory church (so called) the company that I belonged to the left hand road, and other trops that were with us took the right hand road. We camped that night so near the British light horse that heard their bugles Blow the next morning the day we pursued unitll we heard guns firing. We were then imediately marched to the place where we suposed our men attacted We saw some of the wounded retreating, before we came to the Hickory Church. When we got to the place where the skirmish was fought, as we suposed, found nothing but a check shirt and Blanket, we were then driven back by the enemy light horsemen to the Hickory Church again, inside of our lines. We there found Colonel Edmonds (our Col) in camp We requested to be discharged, by our colonel, the time that we were drafted for having expired. The colonel stated to us, that the Militia of Birkley Co [sic: Berkeley County] Virginia had overstaid their time, and we would be obliged for to stay until he got orders to discharge us. We was accordingly discharged the last of October 1781, after performing a tour of Service not less than four months and twenty days. On a second tour I volunteered at Darlington, four miles west of Winchester in Virginia, in the month of November 1781 in the Company of Captain Isaac Parsons, Stationed at Winchester Barracks to guard the British prisoners taken in Cornwallis's defeat [19 Oct 1781]. I was discharged in the month of December 1781 at Wincher [sic] Barracks afs'd. I did not serve less on the above tour than two months
