[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call errors or omissions to my attention.]

That the said Francis Miller was born & raised in the said Parish that the said Miller married in October 1776 to a Miss Averilla Diggs in the said Parish and County by which marriage they had several children, – I was not at the wedding but they were married agreeable to the neighborhood report, that they resided in the same Parish where I did & I see him & her together as man and wife – that the said Francis Miller entered the service of the United States in the year of 1776 that he was in service the time Lord Dunmore came to Guyns Island as a private under Captain Josiah Foster as a private and served as follows viz. In the year of 1776 he served two towers of duty at New Point the first two months the second one month under the said officer, In 1777 he served two towers of duty the first one month the second two months at New Point under the same Captain.
