[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Also, the handwriting of the original scribes often lends itself to varying interpretations. Users of this database are urged to view the original and to make their own decision as to how to decipher what the original scribe actually wrote. Blanks appearing in the transcripts reflect blanks in the original. Folks are free to make non-commercial use this transcript in any manner they may see fit, but please extend the courtesy of acknowledging the transcriber—besides, if it turns out the transcript contains mistakes, the resulting embarrassment will fall on the transcriber. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. I welcome and encourage folks to call those and any other errors to my attention.]

State of Indiana Jefferson County

On this 14th day of February 1834, personally appeared in open court before the Court of Probates, for the County of Jefferson aforesaid now sitting, John Conner aged seventy-seven years who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the Act of Congress passed June 7th, 1832.

That he entered the service of the United States under the following named officers and served as herein stated: Served as a militia man under General John Hamilton, Colonel William Calhoun and Captain John McDowel or McAdoo. Entered the service on the __ day of __ in the year 1775 and left the same in the year 1783 two years after battle of Guilford Courthouse ^{was} within three quarters of a mile of Battle when fought, with Light Infantry Company. Served six full years in a Compass of time of a little over seven years, as follows

First term was drafted for a three months term of service. Marched from Guilford County (my place of residence) in North Carolina to Pedee and Santee rivers in South Carolina, thence back to Guilford County to complete which tour it occupied a space of time of six months & includes a second term of service of three months.

Third term of service 12 months. Left Guilford County, marched through Salisbury, thence through Salem, crossed the Catawba River, thence crossed Broad River, thence to Savannah River in Georgia, thence to Guilford County, same route back.

Fourth term for 12 months. Father hired one William High as a substitute, don't know when he marched, was killed during expedition ^{then got a furlough 12 months}.

Fifth Term of Service was 12 months, being drafted, hired John Bull as substitute.

Sixth term for six months, went same route as before – same services

7th term. Three months. Went after Tories upon Pedee & Santee rivers, thence to Wilmington, thence up to Cross Creek, thence through Caswell back to Guilford County.

Always marched from Guilford County, and was always drafted. Was in battle in which Gates was defeated in no other except slight skirmishes. From failure of recollection can state nothing more in regard to my Regiment & Company in which I served and nothing of other officers belonging to same. Had two discharges signed by my officers, don't recollect by whom, their names I have forgotten, these discharges together with furloughs & other papers were consumed in my son's house by fire five years ago, have therefore no documentary evidence of

my services and know of no person whose testimony he can be procured to testify to & prove services.

Was born in Philadelphia on 2nd Street, moved to Guilford County North Carolina when thirteen or fourteen years of age, where I have resided until came to state of Indiana and fall of 1831.

He hereby relinquishes every claim whatever to a pension or annuity except the present and declares that his name is not on the Pension Roll of the Agency of any State whatever.

[fn p. 47]

State of Indiana Jefferson County: Personally appeared before me the undersigned a Justice of the Peace in and for the County of Jefferson & State aforesaid John Conner who being duly sworn deposeth and saith that by reason of old age & the consequent loss of memory he cannot swear positively as to the precise length of his service, but according to the best of his recollection he served not less than the periods mentioned below as a militia man. For four years, I served as a drafted militia man, under Colonel William Calhoun and Captain John McDowa [sic] who are the only officers I recollect (excepting General Hamilton). I verily believe that my third term of service lasted for a period of 12 months, during which time I marched as follows: left Guilford County, marched through Salisbury, thence through Salem, crossed the Catawba River, thence crossed Broad River, thence to Savannah River in Georgia, thence same route back to Guilford County (as in declaration stated) at no other time do I recollect of serving for a longer Tour of service than six months, leading out of the computation the service of William High and John Bull who served as substitute, nor can I now specify with more precision, or give any fuller account of my services then I have done. The names of other officers than those above mentioned are entirely forgotten, under these I performed all the service I alleged to have performed. I recollect of no change of officers during all my engagements and terms of service believes none took place, have now no papers to make reference to and refresh my memory my discharges and furloughs were burned in my son's house five years ago. I know of no living witness by whom I can prove my service, was always with a Corps called into service by competent authority, that for the term during which my said service was performed I followed no civil pursuit whatever, always I served in capacity of a private, for which I claim a pension and further saith not.

[fn p. 48]

John Conner Junior of lawful age being first sworn deposes and says, that about six years ago John Conner (my Father) delivered to me for safekeeping all his papers and documents that amongst these I have noticed papers pertaining to his military service. I recollect a discharge (and believed there were more than one) but recollect very little of its content or those of any of the papers given me in charge: by whom this discharge was signed I cannot recollect. That one year thereafter my house was consumed by fire, these papers being in it were also consumed. I

took but little notice of these papers can therefore tell Lytle of their contents. I am certain there were one or more discharges among them, from a [indecipherable word] perusal of which and from declarations of my father I verily believe he performed the alleged service & further saith not.
