[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

## State of Virginia Corporation of Lynchburg: to wit

On this 12th day of May in the year 1838, personally appeared before me a Justice of the Court of Record of the Corporation of Lynchburg in the State of Virginia Sarah Victor a resident of the Town of Lynchburg in the County of Campbell & State of Virginia, aged seventy-eight years who being first duly sworn according to law, doth, on her oath make the following declaration in order to obtain the benefit of the provision made by the act of Congress passed July the 4th 1836. That she is the widow of John Victor who was a Lieutenant in the Continental line in the Army of the Revolution and belonged to Baylor's Corps of Horse, the particular duty and services of her late Husband she is unable to state, from the decay of memory and infirmities of age, but is advised that this will be unnecessary since she can refer to the public records and proves of service now filed in the proper Department of the Government and upon which a Bounty of Land has already been granted to the heirs of her husband the late John Victor.

She further declares that she was married to the said John Victor sometime between the years 1777 and '80 but has no record of her marriage, the family Register which recorded that event, in the ages of her children having been lost, that application has been made to the clerk of the County Court of Caroline in the State of Virginia, in which County she was married for a transcript of the record of her marriage, but is informed that no record of marriages exists in that office further back than the year 1785, and that therefore the date of her marriage must be established by circumstantial evidence; the only member of her family who has a record of his age is her youngest child who was 45 at last February; and that she had 7 children; and the eldest now computes her age at 58 or 9, there are but three of her children now living —

And she further declares that her Husband the aforesaid John Victor died in January 1817, and that she has remained a Widow ever since that period, as will more fully appear by the proof hereto annexed.

Earn Victor

If p 78: At Lynchburg in Virginia Mrs. Ann Scott, aged 75, widow of Major Samuel Scott late of Campbell County Virginia gave testimony that she was raised in Caroline County Virginia and in her early days resided in Port Royal; that she was well acquainted with John Victor an officer of the revolution and with Sarah Tankersley with whom he intermarried; that she was not present at their marriage but knew them both before and after their marriage took place; she well recollects

when her sister [not named] was married which was in the month of March previous to the capture of Cornwallis [October 19, 1781] and that said John Victor and Sarah were married sometime before probably in the year 1777 or 1778 and that she thinks John and Sarah Victor had a child before her sister was married; that after John and Sarah were married they took up housekeeping at Port Royal; that he was then an officer, she does not know what rank but he wore a uniform of green turned up or trim with buff and her impression was that he was on parole; that after the war he moved to Fredericksburg; that John Victor was very proficient in music and she frequently went to the house of the father of Mrs. Victor to hear John Victor play on the spinet and the organ.]
