[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later intereenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

#### State of South Carolina, Marion District

Before me one of the Judges of the Court of Common Pleas and General Sessions of the said State and a Presiding Judge of the said Court at Marion Court House at Fall Term 1834, personally appeared Thomas Grice, aged Seventy-three years, who on oath in open Court made the following Declaration in order to obtain the benefit of the Act of Congress passed June the 7th 1832.

That he was born in Marion District South Carolina on the 10th day of April 1763 -- that his age was recorded in a Bible by his father and when the deponent's sister married, she took the Book off with her and he does not now know where it is. That he entered the Service as a volunteer in the month of September 1780 under one Captain John Warley -- the Company furnished their own horses and equipments and went down to Snows Island, where General Marion [Francis Marion] was encamped and remained under his Command eight weeks --: was employed during this tour at making excursions against the British --: at one time he was sent out under the command of one Major John Irvin [John Ervin] against a party of the British and came upon them at Singleton's Mills: -- deponent supposes that about one hundred of the British came out to meet them and fired upon them, but Major Irvin ordered his detachment to retreat without firing as the British force was too large and were protected by artillery: returned to Snows Island got a furlough and returned home. As soon as he returned the Tories took him prisoner & kept him until he disclosed how many men General Marion had with him. His next term of service was in May 1781 when he volunteered and went into Garrison at Mars Bluff<sup>1</sup> on Great Pee Dee River in Marion District under one Captain Joseph Hudson of the militia and continued with him three months: a part of this time he was stationed at Alison's [Allison's] Branch, further down the River: had no engagement with anyone during this term & returned home when the encampment broke up. In May 1782, Captain John Baxter was his Commander -- deponent heard that General Marion was encamped there & he volunteered and went over to him at Birch's Mills in Marion District and was sent out under Captain John Baxter in pursuit of parties of Tories he was thus engaged for three months. At the end of this time he came to Bowling Green where Marion had struck his Camps & was there drafted to serve one month -- Captain John Rogers was his Commander & went with General Marion to Watboo [Wadboo Swamp, August 29, 1782]<sup>2</sup> was here attacked by some British light horse under one Gillis [Capt. Robert Gillies and his unit were under the overall command of Major Thomas Fraser at this engagement] -- the British were

repulsed and their commander killed [Gillies was killed; Fraser was not] -- when the month was out, relief came and deponent came home. This was the end of his services in the revolutionary war. He does not recollect that he ever received any discharges -- if he did, he has lost them as he has been blind since the year 1804. He has resided in Marion District ever since the war. The whole of his Service was in the militia as a private. He did not know of the Act of Congress of June 1832 until October 1835. In March 1836, he came to Court to make his declaration but the Court having adjourned on the Second day of the week, the deponent came too late and was obliged to be for his application until this Term. He hereby releases all claim to any pension except the present and declares that his name is not on the Pension Roll of the Agency of any State.
