[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention 1

I wish you to examine the roal [sic, roll] in your office & see if my name ain't on the Books as a soldier in the war of the Revolution; I have made one attempt for a pension to your office & never have heard of my papers since they started, mine & Brother William Gutry's were sent on last year from the State of Georgia, & I have lately taken up my abode in South Carolina & you'll please address me to the last post office at this place (Tumbling Shoals) my memory has failed me very much, but I will give you a little history as well as I can recollect of my service & to enable you in making your search – (viz.) I enlisted in Caswell County NC under Captain Bullock served 3 months under him, then served 6 months under Captain Alfred Moore, then served 3 months under Captain William Foaly [sic, Foley?] – then served 9 months under Captain William Goodman was in the battle of Stono SC under the command of General Lincoln, then served 3 months under Captain Daniel McFarland [sic, David McFarland?] was in Gates defeat & was out several other tours but don't recollect the officers names or the length of time I served –I am now upwards of 90 years of age & am very helpless & extremely poor, and am supported by the charity of my old acquaintances as yet, but I find I shall soon become burdensome to them & have to Go to Poor House, if I don't get relief from my country for my services – as such please to render me all the information in your power to assist me in getting my Just rights.

Very Respectfully Your Obedient Servant.

S/ John Gutry³

I am guessing that someone else wrote this letter for the veteran and signed his name since the signature is so remarkably different from that attached to his application.
