On this 1<sup>st</sup> day of February 1833 personally appeared before me Thomas J. Branston one of the Justices of the Madison County Court aforsaid Henry Harris a resident of said County aged 90 years, who being first duly sworn according to law doth on his oath make the following Declaration supplementary to his declaration made before Christopher Harris one of the Justices of said Court on the 21st day of July 1832 in order to obtain the benefit of the act of Congress passed June 7<sup>th</sup> 1832.

He states that by reason of his great age & the consequent loss of memory it is not in his power to detail the particulars of his service as a soldier of the Revolution – but his best recollection is that he served four Tours as a private in the militia in the service of the United States during the Revolutionary war & in these Tours that he served not less than fifteen months – he believes he served at least that long & for such service he claims a pension. He states that Capt Bollinger his best recollection is was his Capt in the last Tour which served. He cannot recollect the names of his officers upon the other Tours further than he has stated. He knows of no person whose testimony he can procure to establish his services, except Elish Estiss & his wife Nancy Estiss. They know that he was a soldier of the Revolution – their testimony has been taken. He states that he was bom in Orange County Virginia in the year 1742 in June 16 – that he has a record of his age in an old bible in his possession. The names of his officers & the particular circumstances of his service have in a great measure left him & he cannot be more particular than he has been. That he has no discharge & does not recollect that he ever had any. He states that Thos. J. Branston a clergyman & Henry Dillingham are his neighbours & can testify concerning his character & the belief of his services.

NOTE: Christopher Harris stated "that although bearing same name there is no connexion between him & said applicant."
