[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

State of South Carolina District of Edgefield: This will Certify that Thomas Moore at present of the District of Abbeville was a soldier in my Regiment of State Troops, That he was enlisted by Fields perdue [sic, Field Pardue] then Major of the Said Regiment, was put into a Company commanded by Richard Johnson and served the full term for which he was listed [enlisted] a short time before the Expiration of the 10 months, General Pickens by letter which is yet preserved but not now with me requested that I would endeavor to persuade those whose time would expire shortly to go on an Expedition with against the Cherokee Indians, Moore voluntarily consented to perform that duty & [indecipherable word or words] made a part of Lieutenant George Hammond's & Jesse Johnson's Company, they lost all their horses & had to return on foot, after that he reenlisted in a Regiment of Cavalry which Governor Rutledge authorized me to raise to serve 3 years or during the War to be placed on Continental Establishment. Prior to this Commission, the Battle of Eutaw [Eutaw Springs] took place on the 8th September 1781. My appointment was on the 17th same month and justly Generally considered as a Mark of Approbation of the conduct of that Regiment upon that Occasion Mr. Moore was entitled to a full share of the complement having Listed [enlisted] in the new Regiment; my Command never was suspended I had still two companies of mounted Riflemen who were in active Partisan Service engaged for 6 months, I had in the absence of General Pickens the Command of all the troops in service from his brigade, & the Recruiting went on in camp with the Exception of a Lieutenant & Sergeant who served in the Regiment -- State Troops & were Listed in North Carolina, nearly all the 10 months man reenlisted, though some of them I gave furloughs & others continued doing duty, the last Regiment was nearly filled up when orders was received to discontinue the recruiting, it will be shown that, Governor Mathews successor of Governor Rutledge still urged for Expedition in the recruiting, & that the Legislature sustained his Recommendation; this Regiment was not discharged until the Troops of the US were also discharged, but Moore was then on furlough, & had not been ordered to return. The Honorable J. L. Edwards [Commissioner of Pensions]

Dear Sir

Your letter of 14 September last to Mr. Thomas Moore of Abbeville district was handed to me by the old man yesterday and I have as was my duty given him my Certificate duly attested; Dear Sir, the Government have allowed me a Pension, for which I am grateful, but I have so many calls for proofs for other claimants from almost every State and Territory in the Union that it has been very burdensome [?] & indeed is a very Serious tax in a pecuniary point of view & from much mental labour, The Character activity and universality of my services Gave me a pretty extensive acquaintance with the Real Patriots as well as those who fell off before the end of the War, those for whom I have or will certify for as such as I know continued firm to the end of that war. Such I have certified for freely but really by far the largest number that have applied have been disappointed although I had known them in the early part of the war, I had no knowledge or evidence to prove that they had not joined the Enemy or quit the Service before its conclusion, for I knew several who had been Continental Colonels, Majors & Captains with the Enemy in active hostility to our cause, knowing this personally has made it my duty to be very cautious in giving Certificates. – I have been more brief in my Certificate for Mr. Moore then I should have been if I had not observed in your letter that there was a discrepancy in his Statement, & that I was not Colonel until 17th September 1781 now, I know every Claimant ought to Sustain his Intentions [?]⁶ by his own Evidences & vouchers, for the multifarious duties that fell upon you as an officer it could not be expected that you should refer to the testimony & Declarations of other Claimants to sustain theirs, in conclusion I must say that had I not kept a pretty regular memorandum of passing events, not only Orderly Books but as Deputy Brigade Quarter Master, I could not now so perfectly recollect so many things necessary to point to my testimony for others although for past events my memory is good though in my 86th year of my age; Excuse the trouble I am giving you, all my Revolutionary notes & Drafts of Battles together with a number of original letters of importance to me together with my last June yearly Pension was feloniously stolen from my bed Chamber in Columbia Christmas night, my Trunk & I hope all my Papers have been recovered, but I have not received them yet – Soliciting your indulgence for thus trespassing upon your time – I am with much Respect

Your Fellow Citizen S/ Samuel Hammond

[Veteran was pensioned at the rate of \$55 per annum commencing March 4th, 1831, for service as a private for 14 months in the South Carolina militia.]
