[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

The State of Alabama Jefferson County SS} On this eleventh day of April 1837, before me the subscriber, a Justice of the Peace for said County Personally appeared Mayfield Crane, who on his oath declares that he is the same person who formerly belonged to the company commanded by Captain Brandon in the Regiment commanded by Colonel Fair, and at another period of the War the company commanded by Colonel Joshua Palmore in the Regiment commanded by Colonel Brandon and in the company commanded by Captain Philemon Waters in the Regiment commanded by Colonel Middleton, in the service of the United States, that his name was placed on the pension Roll of the State of Alabama Pickens County from whence he has lately removed that he now resides in said State of Alabama in Jefferson County where he intends to remain, and wishes his pension to be payable at Decatur Alabama in future,

The following are my reasons for removing from Pickens County to Jefferson County. In the early settlement of Pickens County, he purchased a small tract of land at Government Prices, and for a time was well satisfied, But so great was the emigration to that part of the Country in the years 1833, 1834 & 1835 and such was the increase in the price of land that he found it to his interest sell his land in Pickens County which he did for a handsome profit in 1836, and removed to Jefferson County to a retired situation where he was not so hemmed in by large Planters as he was in Pickens, and where he was able to purchase the same No. Of acres for a much lower price than he sold for,
