Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

State of Kentucky Whitley County Sct. }

On the 21st day of October 1833 personally appeared before the Whitley County Court Joshua Moses a resident of Whitley County Kentucky aged Eighty odd years who being duly sworn according to law, doth on his oath make the following declaration in order to obtain the benefit of the provisions made by the act of Congress passed June 7th 1832.

That some time between the years 1776 & 1778 he volunteered under Captain Williams in Anson County North Carolina and was marched from thence to Drowning Creek where the [sic, they] kept a station for some time from thence was marched to Brown's Creek where the [sic, they] routed a band of Tories thence back to Drowning Creek where the company or greater part was paroled and permitted to disperse but to be ready at a moments warning the whole term of service was 7 months. That whilst on parole and on Wateree River South Carolina and immediately after his parole as aforesaid he was taken prisoner by the British dragoons in which he received four wounds the scars of which are now to be seen, he was taken to Charlestown and put into the provo from thence he was sent with other prisoners to James Island he remained a prisoner nine months from where he made his escape and joined General Green's [sic, Nathanael Greene's Army on Ashley River; who ordered him rations & sent him home this act of the General's, he thought was owing to the wounds he received in taking him prisoner or in consequence of the war being about to terminate or probably both. He states that there is no living evidence by which he can prove his Service and that he never got a discharge for peace was made for the war closed shortly after he got home from being a prisoner and he never applied.

I hereby relinquish every claim whatever to a pension or an annuity except the present and declares that my name is not on the pension Roll of any agency of any State.

Sworn to and subscribed the day and year aforesaid.

6<sup>th</sup> State the circumstances of your service.

Ans: I volunteered at Anson Court house North Carolina under Captain Williams marched and was stationed on Drowning Creek I was on frequent scouts and routed a band of Tories on Brown's Creek but no lives lost. On parole or by permission of our Captain I went into South Carolina expecting immediately to return and join my company but whilst on the Wateree [River] I was taken prisoner by the British dragoons. I was alone & attempted to escape by flight but the enemy pursued giving me 4 wounds first on my head with a sword seeing it aimed I personally fended it off with my arm which was badly cut the other slightly but do not know how it was done. I was also pierced in my left shoulder brought to the ground tied fast and marched with another prisoner to where they had the Eutaw [Eutaw Springs, September 8, 1781] battle with General Greene during the action I was guarded with British wagons but was sent on before the battle ended and in three days arrived in Charleston and was put with other prisoners in the provo where there were two rooms full. I was sent from thence to James Island I remained there a long time until myself & several others ventured to attempt an escape in an old perogue [sic, pirogue or canoe]. We marched three days without any provision until we joined General Greene's Army on Ashley [River]. The General order[ed] us rations & a permit to go home. I never got a discharge for peace was made shortly after and I never applied. Although my mind is weak I am confident previous to being taken prisoner I served 7 months and from the time I was taken prisoner until I got home was 9 months. Sworn to and subscribed the day and year aforesaid.
