Mercer County viz } personally into open court and being sworn according to Law he states that he is
well acquainted with George Roberts [sic] that he well recollects of his being in

the regular service for three years. That soon after s'd George Roberts was discharged from s'd service, he was drafted into the Militia service of the state of Virginia early in the spring 1780 when he was appointed and commissioned a Lieutenant by Governor Jefferson on account of his previous services in Capt Edmund Curds company and in Col Lucas Regiment and I know that s'd George Roberts joined his company in Goochland county, and marched from thence to Hillsborough in North Carolina where he marched to the Battle of Camden and continued in service in s'd Regiment until he was promoted as a Captain early in 1782. and I often saw the s'd George Roberts when he was a Lieutenant and commanded in his company and know that he held his commission as such in the militia of Virginia engaged in the revolutionary war. State of Kentucky } This day Joseph Robards came before me a Justice of the Peace in & for said County and made oath to the following Declaration viz "I Joseph Robards now about Sixty Six years of age & a resident of Breckenridge

County do hereby state on oath that I am well acquainted with Capt Geo. Robards of Mercer County and know that he enlisted under Capt Geo Holland in Goochland County Virginia he thinks in 1777 for three years and entered the Service immediately afterwards & as he believes served out his time, at any rate he did not return to his fathers (where this affiant also resided) until the time had expired and it was generally understood & believed in the neighbourhood that s'd. Geo had been in the Army 3 years when he returned. When he returned home he was appointed a Lieutenant in the Militia & stayed but a short time until he & his brother Wm Robards [William Robards] entered the service upon a six months tour he thinks some time in 1780 in the same county in the [blank] Virginia Regiment commanded as I understood by Col Lucas On this service I understood said Geo. acted as Lieutenant

I also know that after the s'd. Geo. returned from the last Southern service he commanded a [illegible word] of his neighbours against the refugees [displaced loyalists] – & about this time a company of the refugees was at my fathers house & he had to keep his property hid out.

I also know that some time in 1781 said Geo. Robards marched as a Lieutenant (as I suppose) with Layfaett who collected the militia of Virginia to meet Lord Cornwallis (This was about the time the British burnt the tobacco at Richmond Va [at Manchester near Richmond, 30 Apr 1781]. On this Service said Geo. continued some time but how long I cannot now recollect, but when he returned he said the Militia was discharged

I further certify that during the time said Geo. served, I was a member of the family and believe taking the whole service together said Geo. served between four & five years at least. As Witness my hand this 4th day of Sept. 1832 [signed] Jo Robards

That when I acted as Clerk in the commissary department I was not discharged as a Serjeant but was called upon to perform the duty in addition and my pay was to be in proportion which I [undeciphered word]. I farther state that In the month of January 1781 I again marched as Lieut in Capt Larken Smith's [Larkin Smith's] company and in the Militia of the State of Virginia and joined Genl Layfatte when Gen'l Arnold invaded Virginia [Benedict Arnold, Jan 1781] but Arnold had gone before we reached Williamsburgh [sic: Williamsburg] and we returned back to Warwick, and I continued with Layfayette until the month of June and I then was employd again in the regulars until July. I was under several officers and I do not recollect the name of the Col, but I was detatched home after Gen'l Wayne joined Gen'l Layfayette at the Racoon Ford [8 Jun 1781] I further state that when I was appointed Capt in 178[last digit missing] I gave my Leutenants commission to Col John Curd and never have seen it since. I have no other evidence besides what I have and now enclose. Witness my hand this 17th day of Sept 1832 George Robarns
