Pension application of Spencer Kilpatrick (Kirkpatrick) S38894 f19SC Transcribed and annotated by Will Graves 10/20/09: rev'd 4/14/16 & 4/21/23

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

That your Petitioner enlisted in the service of his Country in the Revolutionary war in the Regiment of Artillery which was raised in the State of South Carolina & which was afterwards received by the Congress & put upon the establishment of the United States. – That your Petitioner has lately been informed that he was entitled to the bounty in land which this State had previously directed to be granted to the officers & soldiers of the Continental Army & that unfortunately for him the whole of the scant land in the Fork of Keowee and Tugaloo [Rivers] has been already granted.

Your Petitioner begs leave to inform your Honorable House that he is now advanced in years has a wife one Son & Seven girls alive the greater part of whom still depend upon his feeble exertions for their support.

He therefore throws himself on the Generosity of your Honorable body, hoping that you will be kind enough to take his distressed situation into consideration & Grant him such other relief, in lieu of this land, as to you will appear that he merits. And your Petitioner as in Duty bound will ever pray

[p 8]

The committee on Claims to whom was referred the Petition of Spencer Kilpatrick Report.

That they have duly inquired into the facts stated in said Petition – that from the information derived through the Hon. Judge Grimke who was an officer in the Service during the Revolutionary War – your Committee are of Opinion the claim of the Petition is well founded – they have also ascertained through the proper Office that no grant for Land was ever taken out by the said Spencer Kilpatrick – your Committee therefore recommend that in lieu of (Two) hundred acres of Land granted to the Private Soldiers, as bounty – then estimated to be worth one Dollar per Acre – to be allowed the Sum of Two hundred Dollars allowing for the increased Value of Lands since that period.
