[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

State of Virginia Botetourt County to wit

On this 11th day of October 1825 personally appeared in open Court Being a Court of Record or the County aforesaid Samuel Coulter [sic] resident in said County aged 71 years who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the provisions may by the acts of the 18th of March 1818 and of the 1st May 1820. That he the said Samuel Colter enlisted in Burks County State of Pennsylvania on the 2nd day of January 1776 in the company commanded by Captain John Rees for that term of one year in the 2nd Regiment commanded by Colonel Sinclair in the line of the State of Pennsylvania on the Pennsylvania Continental establishment – that he continued to serve in said company in the capacity of a quarter master Sergeant until the expiration of his said Term of enlistment when he was discharged from the service at Pennsylvania by Colonel Davis in the State of Pennsylvania. He further states that in the month of April or May 1777 he received from Congress a Lieutenant's commission and entered the service for during the war in the company commanded by Captain Samuel Moor in the 3rd Regiment commanded by Colonel Thomas Craig in the line of the State of Pennsylvania on the Pennsylvania Continental establishment that he continued to serve in the said company and Regiment until the battle of Monmouth [June 28, 1778] at which place he received a severe wound which rendered him unable to perform the duties of an officer in consequence of which he was obliged to withdrawal from the Army. That after recovering his wounds received at Monmouth he again enlisted in the year 1778 or 1779 as an orderly Sergeant in the Company commanded by Captain Irish at Carlisle in the State of Pennsylvania (Number of the Regiment not recollected) during the war and marched with said Captain Irish from Pennsylvania to Chesterfield Court House State of Virginia and from thence to New London from thence he marched to Richmond Virginia and there was appointed superintendent of the State laboratory by Governor Harrison and served faithfully in that capacity until the month of November 1783 to the best of his recollection at which time Colonel William Davis who commanded at that place informed him that he had no further need of his service and he was discharged from the Service. The declarant sent on a declaration to the Department of war in 1822 which was returned in consequence of some informality in the declaration since which time he has not been able without great inconvenience to go about to get proof of his service which is the reason why earlier application has not been made. And in pursuance of the act of the first of May 1820, I do solemnly swear that I was a resident Citizen of the United States on the 18th day of March 1818 and that I have not since that time by gift, sale or in any manner whatever disposed of my property or any part thereof with intent thereby so to diminish it as to bring myself within the provision of an act of Congress entitled "an act to provide for certain persons engaged in the land and naval service of the United States in the revolutionary war" passed on

the 18th day of March 1818, and that I have not nor has any person in trust for me any property, or securities, contracts or debts due to me nor have I any income other than what is contained in the schedule hereto annexed and by me subscribed and that no change has taken place in his property since the 18th of March 1818

Schedule 3 head of hogs & one cow

That he is a millwright by trade but through age disease and wounds received in the revolution he is unable to make a support by it, he has no family residing with him except an aged and infirm of wife 60 years old, and is in such indigent circumstances as to be unable to support himself without the aid of his Country.
