State of North Carolina Burke County

On this 23rd day of October 1832 personally appeared in open court before the Justices of the Court of Pleas & Quarter Sessions now sitting Samuel Reed Senior a resident of said County & State aged about 77 years his Father had a record of his age in the Family Bible he has no transcript & only speaks from memory, who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefits of the Act of Congress passed June 7th 1832. That he entered the service of the United States under the following named officers & served as herein stated (viz.) He first entered the service as a volunteer for five months under Captain Nichols of Rowan County North Carolina. Our Regiment was commanded by Colonel Frank Lock [sic, Francis Locke]. We were marched by General Rutherford [Griffith Rutherford] to Purrysburg on Savannah River. There was a small party of our company sent over the River & fell in with General Ash [sic, John Ashe] we were surprised by the British & a number of our men were killed & taken prisoners. This was at a place called Brier Creek a large number tried to get back to the Main Army which lay across the River. There were a good many drowned. I swam the river & got back safe. I was discharged at Black Swamp on the 10th of March 1779. My discharge was given me by Colonel Locke which discharge has been lost or mislaid so that I can't find it. I know not how.

I next volunteered under Colonel Hamright [Hambright?] John Sloan was my Captain for 3 months. We marched to Charleston South Carolina and remained there till our time of service was ended. I was again discharged by Colonel Locke and returned home without being in any battle. He cannot recollect the year, but siege was laid to Charleston on the next day after we were discharged and General Lincoln was taken together with the City & all the men we left (so I have heard) about 40 days afterwards.

He remained 6 or 8 months at home and then volunteered for 3 months to go against the Tories which were under a Tory Colonel by the name of Bryant. I volunteered under Captain Grimes in this service I was marched down upon Pedee River in South Carolina -- we done no good that trip we had no fighting nor took no prisoners.

Some time after my return home I was sent by Colonel Joseph Williams to carry an express from near the Shallow Ford on the Yadkin River to Captain Samuel Reed who lived on the South Yadkin to come over & reinforce Colonel Williams against the Tories, but before Captain Read could get up the battle ended and the Tories were whipped some few were killed & some taken prisoners.

I next volunteered for 3 months under Captain Cole I marched with Captain Cole to Cowan's Ford on the Catawba River and was under General Davidson [William Lee Davidson]

when he was killed at Cowan's Ford on said River. After General Davidson was killed Captain Cole marched his company down the River to one McNils [sic, McNeil's or McNeal's?] That night we were very uneasy & requested [?] Captain Cole to go around the British that were camped on the Salisbury road in the night, but he refused saying he had no orders & did not know what to do. 12 of us then left him & made our way round the British before day, & made our way to Rowan County & I went to my Colonel Frank Locke & he put me under Captain John Grimes. Colonel Locke marched us after the British down to Haw River, we had a skirmish with the British on the Reedy fork of Haw River. We went on then to the battle of Guilford. I was not in the battle because I was left to guard some prisoners a few miles from the battleground. I was discharged shortly after the battle of Guilford by Major Carruth. I then returned home and in a few months went out again under Captain Dick Dowell & Colo. Melbendy [sic, Malmedy] a French man, we marched to Camden & from thence to the high hills of Santee, from thence we returned to Camden & then crossed the Wateree & Congaree rivers & marched to Eutaw Springs. The night before the battle we were marched nearly all night and just at daybreak the battle commenced. I fought through the whole battle one bullet passed through my hunting shirt but I was not touched myself. I was one of the men that guarded the prisoners up to Rowan County. I was dismissed at Bell's Mill near Salisbury. This ended my services.

All the discharges have been lost or destroyed in some way, I can't find them nor he knows not what became of them.

He hereby relinquishes every claim whatever to a pension or annuity except the present & declares that his name is not on the Roll of the agency of any State or of any State.

Sworn to & subscribed the day & year aforesaid.

Mr. Reed will not on his oath state dates because he will not trust his memory but refers the court to the dates of the battles he was then.

Samuel Reed states in further proof & explanation of his claim for a pension that he has procured the testimony of George Sigmon¹ & Nicholas Chapman² as to a five months tour under Colonel Locke & General Rutherford and the proof of his brother Thomas Reed³ as to two three months tours. This is all that testimony I can obtain except my own statement, In the other tours stated in my Declaration I cannot be as explicit as to dates as the Department seems to require -- but I know I served as set forth in my declaration. In my declaration I stated that I was discharged from my first tour on the 10th of March 1779 talking with Mr. Chapman & Sigmon they think we were discharged in the month of April of this same year. They may be right, but it is somehow on my mind that the 10th of March was the day -- I cannot state any more than is in my original declaration & with the testimony herewith sent submit my case.
