Washington Aug. 30th 1839

My dear Sir [Mr. D. T. Morgan],/ There is some reason to believe that either the Government or the widow of a pensioner has been imposed on by some unprincipled men in the County and I wish you to call upon Mr. Tiernan the Pension agent immediately and ascertain whether any money has been drawn within two weeks by George Hayer or any other person for the pension of Jonathan Casebear. He is now dead and it is understood by his executors that, without their knowledge, the widow was brought to town and was induced to sign some instrument of writing which, it is found, is an authority to Hayer or some other person to receive the amount of the pension. If no application has yet been made request Mr. Tiernan not to pay of it should be prevented. If the money has been paid ask the favor of him to send me a copy of the papers presented. That there is some rascality connected with the business there is good reason to believe and we wish to try and ferret it out. There was, probably, some villainy in the manner in which this certificate of pension was originally obtains. Old Mr. Casebear lived in this County and was taken by Hayer to Allegheny County where his papers were made out which is contrary to the instructions of the Pension office and it would be well for Mr. Tiernan, if he has authority, to make some enquiry about the case.

A pension was granted some time since to David Carles of this County and it is believed by his neighbors that the government has been imposed upon by these same men. It is said that this man Carles was in Ireland till after the close of the war and that evidence has been manufactured to make out his case. Mention this also to Mr. Tiernan and request him to write to me about both these cases. I will write to the Department on the subject and will thank you to return me this letter after you have shewn it to Mr. Tiernan.

Yours very resp'y/ Th. M. T. McKennan

Washington Sept'r. 26 1839

My dear Sir [J. L. Edwards Esq'r., Pension Commissioner], The accompanying letter [preceding] I addressed to a friend in Pittsburg in relation to some pensions drawn at that agency and I feel it my duty to bring the subject to your notice. There is strong reason to believe that some gross frauds have been committed upon the government through the agency of George Hayer, who is a pension agent, and as unprincipled a man as lives in the country. In the case of Jonathan Caseber, which is mentioned in that letter and who is now dead, it seems that Hayer took from the old man an agreement or bond stipulating to allow him all his back pension and John Bower, to whom the widow gave a power of attorney to receive what was due at the death of her husband, received from the agent two hundred and seventy six dollars and refuses to pay her anything alleging that Hayer by the agreement with the old man was entitled to all of it.

Hayer, whose character is well known here, took the old man from this County, where he resided to Allegheny County and there had his papers prepared and carried through the Court, probably procuring some witnesses who really knew nothing about the old man or his case to make out the necessary proof. The circumstance of his taking him into another County is a suspicious one and in all probability

testimony has been manufactured to support his claim. Hayer also obtained a pension for Daniel or David Carles or Carrell by taking him out of this County to Pittsburg and it is believed by many of his neighbors that Carles or Carrel was never in the revolutionary war – I have heard of other cases under the agency of this man which are very suspicious. I have no doubt the government has been greatly imposed upon through his instrumentality and have felt it my duty to give you this information and to suggest whether it would not be well to instruct the District attorney for the Western District of Penna., who resides in Pittsburg, to have a strict scrutiny made into the cases that have been or may be present by this man and to bring to detection and punishment any persons who may have been engaged in defrauding the government. I have just learned that Carles or Carroll was entitled under his certificate to about \$300 of back pension and that Hayer took of that sum \$280.

If you think proper to institute an inquiry it will afford me pleasure to give the District attorney any information I may have and to aid him in procuring testimony to bring to light the conduct of those who may be concerned in defrauding the government.

If it be not too much trouble I would be glad if you would send me copies of the declaration and testimony to support the applications of Casebur and Carles or Carrell.

This communication you will consider as strictly confidential and if you think proper to write to the District Attorney I hope you will not mention through whom you have rec'd. the information, altho' you are at liberty to refer him to me, to give him any aid in my power. The suspicious circumstances of the two cases referred to have been communicated to me by persons who have applied to me professionally and I have not felt myself at liberty to withhold them from the Department. I send you also the answer I rec'd from my friend D. T. Morgan to the accompanying communication to these two letters, after you have perused them, you will please return to me. It seems from Mr. Morgans letter that David Carles name is not on the pension list of the Pittsburg agency. It may be David or Daniel Carrell.

Sir, [T. M. T. McKennan of Washington PA] I have received your letter of the 26th ult'o. and in consequence of the intimation you have given, I enclose copies of papers in the case of Jonathan Casber and David Carrel. If on an examination of them, you think that there are, or are not, sufficient grounds for a prosecution, be please to favor me with your opinion on the subject and I will immediately give the necessary instructions to the District Attorney. I have directed the payment of their pension to be suspended. An early answer is requested./

Sir [Hon. C. Darragh/ Pittsburgh Pa.] Pen Off/ March 29 47

In reply to your enquiry I have the honor to inform you that the pension of David Carrell was suspended in 1839 upon information which rendered it more than probable that he never served in the Revo'y war & indeed had not arrived in the U. States when the war ended — This was communicated to Mr. E Sympson of Pittsburg [sic: E. Simpson on 6 Jan 1841] who transmitted his claim to this office; no measures (by a renewal of his declaration – add'l. proofs &c) have been taken —

County of Allegheny S.S. } Personally appeared before me a Justice of the Peace in and for said County, came David Carroll of Washington County State aforsaid, who

being duly sworn as the law directs, doth depose and say that on the 14th day of November 1838 he this deponant, was placed on the pension roll of the Untied States, and some time in the year of 1839, his pension was suspended, as he this deponant was informed by the pension agent in Pittsburgh, but no reason by him assigned. He then called at Mr E. Simpson office and was informed that Mr Simpson was not at home, he then returned home and made all the inquiry he could amongst his neighbors and friends

to acertain the reason why his pension was suspended, but all to no affect. He next sent by one of his neighbors to Mr. Simpson, who called at Simpson office, but he was absent. He afterwards wrote to the Hon. C. Darragh, then member of Congress, to acertain the cause why his pension had been suspended, and reseved no answer Mr. Darragh sent him word that the letter must been lost or miscarried. He wrote to Mr. Darragh again during the last session of Congress on the same subject and rec'd an answer from Mr. Darragh some time in April 1847 informing him that information had been made against him &c. He further states, that since he received this information, he has been able to procure the deposition of James Blashford, who served with him one tower under the Command of Col. Beeler in the year 1778 – whose deposition is hereunto annexed. And also the depositions of John Bowen Esq. John W Loney Esq. Leberton Thomas and Jonas Fossett [Jonas Fawcett], whose depositions [certifying Carroll's and Casber's reputations for veracity and of their having served in the Revolutionary War] are hereunto annexed. And further this deponant now sayeth not.

Personally appeared before me a Justice of the peace in and for said County James Blashford aged eighty-seven years past, who being duly sworn according to law, depose and says that he this deponant was acquainted with David Carroll who sevral years ago made application and as he understood obtain a pension and has since been suspended as appears from papers shown him. This deponant says he was acquainted with the said David Carroll in the year 1778 and served with him under Colonel Beeler, which said Regiment marched from Pittsburgh together with Col. Gibson who Commanded the 13^d Reg. of Regulars. Col. Broadhead and other officers was there whose names the deponant does not now recollect. From Pittsburgh the marched to Big Beaver Creek where they fell under command of Gen. McIntosh. Here we built fort McIntosh from he we marched to Tuscaraway river, where we built for Lawrence after were returned to fort McIntosh, leaving Col. Gibson to defend said Fort Lawrence – from there we marched to Pittsburgh where we were finally disbanded – having served for four months or more, and the said David Carroll served during the same time as a private

Pension Office/ Feby 15, 1848

Sir I have the honor to inform you that the additional evidence in the case of David Carroll is wholly insufficient to authorize the restoration of his name to the pension Roll.

James Blashford the only witness whose pretend to have had any knowledge of Carrolls Service, has not shown by asserting a claim to a pension that renderd any service in the Revolutionary but as he testifies to 4 months only should his testimony be admitted it would not be suffcent to justify the allowanc of a stipend to Carroll.

For the opinion of this department respecting this claim I refer you to the enclosed copy of my letter to Hon C. Darragh dated 29 March 1847.
