South Carolina Audited Accounts¹ relating to William Buise [Buis] SC991 AA17
Audited Account Microfilm file No. 889

Transcribed by Will Graves

2/6/19

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

[p 16: Printed form of Indent No. 3418 Book X dated July 25, 1786.]

[p 17: Reverse of the above Indent bearing signatures of George Selby

A handwritten signature in dark ink, appearing to read 'George Selby', written in a cursive style. The signature is somewhat faded and has a grainy texture, possibly due to the scanning process. It is located on the reverse side of the indent mentioned in the text above.
