[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

State of South Carolina Pendleton District:

Before me personally came and appeared Burt Moore of the same District and State aforesaid who being first sworn in due form of law upon his oath deposeth and saith that he did regularly enlisted in the War of the Revolution or the War of Independence between the United States of America and Great Britain and that he did well and faithfully serve out the time of his engagement with the United States, which was acknowledged by their issuing to him in the state aforesaid which he served, an indent to the amount of 17 pounds or upwards which he acquired, was settled & so forth -- And also by their issuing in his favor of another indent for [indecipherable word] this service, which demanded & called for the sum of one hundred ten pounds money which last sum of money he has never received or drawn, or given any orders by which the same could be done. But that he finds an application that the said indents have been by some person or persons fraudulently drawn and suspects & verily believes by Captain Major Parsons under whom he served for the large indent. That he also enlisted and served six months in the same service aforesaid under Captain Edward Hampton, of which service no return was ever made on account of the death of Captain Hampton & Lieutenant Motley, both of whom were killed in service during the said war. And this deponent further sweareth in form aforesaid & saith on his said oath that James Wood Esquire who was called Colonel Wood together with others who were known public agents did contract with and agree to give unto deponent the extra some of \$1000 for riding & carrying expresses & other services by them required to be performed -- all which on his part was well and faithfully done, and to the satisfaction of those by whom employed, that his extra service of carrying expresses & so forth was performed after the fall of Charleston [Charleston South Carolina fell to the British on May 12, 1780] in South Carolina, and that no return ever was made as he believes on account of the death of Colonel Wood Anno Domini one thousand seven hundred and \_\_ he being killed by the Tories some time after the battle of the Cowpens [January 17, 1781], near his own house.

The deponent further swears that never having directly or indirectly received anything for the services aforesaid, he all & showed him his opinion be now indemnified for the same.

[p 12: On March 12, 1849, in Pickens District South Carolina Mrs. Mary Moore, 68, filed for a widows pension under the 1848 act stating that she is the widow of Burt Moore; that she married him "... in Pickens District (then Pendleton) by a Baptist minister by the name of John Chastain, on the first day of February 1797; which she recollects more particularly from the fact of her being only a little over the age of 16 when she was married and she was born in 1780, and also, from her recollection of her brother John being born the March following her marriage, and the birth of herself (Mary Glenn which was her maiden name) and that of her brother John Glenn will be seen by a memorandum here with sent of the family record kept by her father & mother copied lately for her by Caleb McKendice Smith. She has no record of her marriage nor of other documentary evidence thereof, or of her husband's services, but she has a sort of memorandum of the births of her children, which is not entirely correct, and which has been altered by someone without her knowledge as she is no scholar & could not read it. As to the time of her marriage she is confident -- and that her first child was born the 20th day of November following, and the next (William) the 26<sup>th</sup> of October nearly 2 years afterwards &c that the record of the births of her children was copied (from an old record in an old testament kept and their family which is tour in all to pieces) by Samuel Patterson before the death of her husband. Her husband the aforesaid Burt Moore died the 23rd day of April 1836, ...."; that she remains his widow. She signed her application with her mark.]
