State of North Carolina Haywood County

Be it remembered that on the 24th day of August 1844 before the undersigned one of the Acting justices of the peace for said County of Haywood Personally appeared James Janes a resident of said County who on being duly sworn according to law says that he is seventy-five years of age to the best of his belief, that he has a sister named Catharine who was married to William Adair about one year after the taking of Charleston<sup>1</sup> in the war of the Revolution, said William Adair was ~~a Lieutenant in the Army as this affiant has been informed and believes and~~ was in the battle at the time Charleston was taken -- Deponent distinctly recollects that said Adair was taken by the British and sworn never to raise arms against the King which oath this affiant has good reason to believe he violated. This deponent was not present at the marriage of [his] sister but saw them living together as man and wife about a year after the taking of Charleston and shortly after he understood they were moving. Deponent knew said Adair well, he resided in York district South Carolina, Deponent was frequently at the house of Adair while residing there, and he knows that his sister was known and recognized by his neighbors as his wife. How long the said Adair served in the war this deponent is not able to state -- he has frequently heard him talking of the war many difficulties the soldiers had to encounter and particularly the part he himself took in the battle at Charleston -- of his being in that battle this deponent is as well satisfied as though he were present and believes his sister Catherine was married shortly after -- This deponent was at the house of said Adair about 12 months after the said battle -- His sister Catharine Adair now resides as he is informed and believes in the State of Missouri. Subscribed and sworn to before me on the day and year first above written.
